Mount Florida Community Council

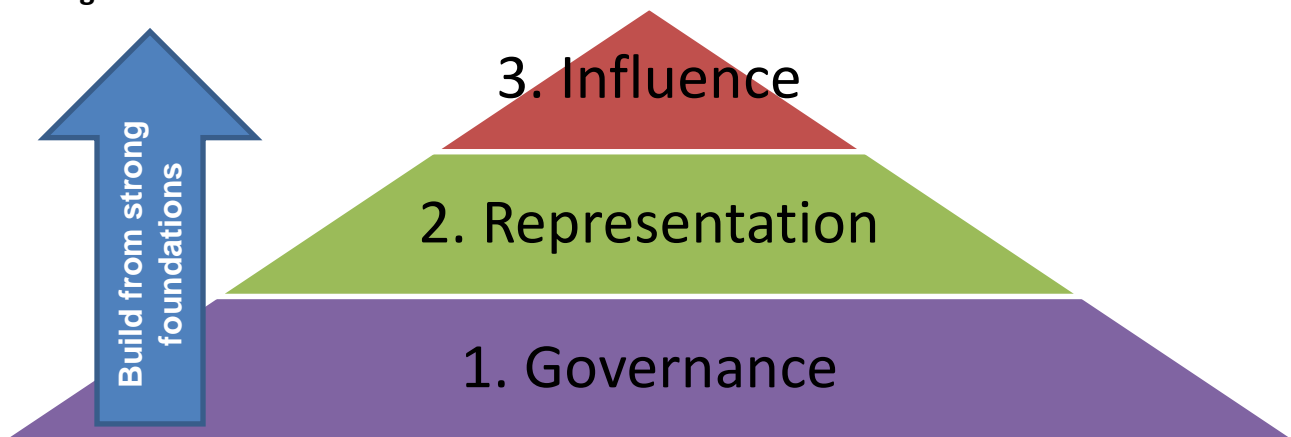

Mission:

“MoFloCoCo enables participative local democracy for the benefit of the whole community.”

Principles

- We will work to represent the interests of all members of the community
- We will role-model the behaviour we expect from other elected representatives.
- As we have few powers of our own, we must grow our influence by building a reputation for integrity.
- As we are unpaid, we will seek to make the experience of being a Community Councillor enjoyable and rewarding.
- All Community Councillors are jointly responsible for the governance and reputation of the Community Council.

Strategies

1. Our reputation for integrity starts with good **governance**:
 - Timely, quality, publicly available agenda, minutes, and accounts.
 - Responsible stewardship of funds and assets.
2. We will be **representative** of, and accountable to, all members of our community.
 - Our membership should reflect the demographics of the community.
 - We will take steps to keep residents informed of our activities.
 - We will be easily contactable. We will give timely responses to correspondence.
 - Wherever possible we will use data to back up our representations.
3. We will grow our **influence** in the following ways:
 - We will act with integrity in our dealings with residents and other agencies: we will keep commitments, saying what we mean and meaning what we say.
 - We will build co-operative, trusting relationships within the community and with other agencies.
 - We will take pro-active steps on the issues that matter most to local people, including projects and campaigns.
 - We will develop our personal skills and knowledge.
